

Here's a list of VERTICON booths that would be particularly relevant for Air Medical Pilots:

- **Air Methods (Booth #3905):**
 - A major air medical operator providing emergency medical services to over 100,000 patients every year. They operate in 48 states. They have a fleet of over 450 helicopters and fixed-wing aircraft. They also have job opportunities.
- **Air Rescue Systems (Booth #10030):**
 - They offer the MSA RescueAire II Portable Air Supply System. This company addresses the dangers and inefficiencies of SAR hoist operations with their intelligent lifting solution, the Vita Rescue System.
- **AirMed&Rescue (Booth #7405):**
 - Delivers news, insights, and analysis to the global airborne special missions community. They investigate the latest technical development trends and equipment innovations in the air medical, search and rescue (SAR), airborne law enforcement, aerial firefighting, and combat SAR arenas worldwide.
- **Apollo MedFlight (Booth #10732):**
 - A medical group in Amarillo, Texas. Being part of Apollo MedFlight means being part of something more significant than yourself. Each day, you will make a real impact in times of crisis and need.
- **Appareo Aviation (Booth #7552):**
 - Develops dependable, affordable, and easy-to-use aviation products. They have been developing game-changing products for more than 15 years.
- **AT Systems (Booth #5105):**
 - Provides IIMC (Instrument Meteorological Conditions) training. This training includes pre-flight and in-flight decision-making, methods to avoid conditions that lead to visual and vestibular illusions, and techniques and methods to prepare for recovery.
- **Aviation Specialties Unlimited Inc. (Booth #9556):**
 - A trusted leader in aviation night vision imaging systems.
- **Baldwin Safety & Compliance (Booth #7829):**
 - Offers robust safety management programs and training products tailored to enhance safety systems and cultures globally.
- **Commission on Accreditation of Medical Transport Systems (CAMTS) (Booth #8737):**
 - A peer review organization dedicated to improving patient care and transport safety by providing a dynamic accreditation process through the development of standards, education, and services.¹
- **DART Aerospace (Booth #8850):**
 - Provides industry-leading design, manufacturing, and market-certified solutions for the helicopter and aerospace industry.²
- **ForeFlight (Booth #11556):**
 - Offers elegant, high-performing flight planning and flight bag apps for pilots.
- **Gibson & Barnes (Booth #6807):**
 - Provides uniforms, helmets, and safety equipment.
- **Hawk AeroSafety (Booth #11759):**
 - Provides effective, accessible safety training and consulting services to both crewed and uncrewed aviation operators.
- **Helicopter Institute, Inc. (Booth #117):**
 - Specializes in OEM-alternative training for Airbus, Bell, MD, Robinson, Schweizer, and Sikorsky helicopters.

- **Lifesaving Systems (Booth #3511):**
 - Designs and manufactures rescue, safety, and survival equipment not only for SAR responders but also for industry professionals and operators working in the maritime and aviation environments.³
- **NEMSPA National EMS Pilots Association (Booth #7405):**
 - Dedicated to the representation and professional development of EMS pilots. Formed in 1984, it serves as a voice for pilots of the Air Medical Transport industry.
- **PHI, Inc. (Booth #2611):**
 - Air Medical Operator.
- **SKYTRAC (Booth #2827):**
 - A leading provider of LEO satellite and cellular communication services for all aerospace sectors.
- **Spectrum Aeromed (Booth #12153):**
 - Provides specialized aeromedical solutions dedicated to transforming air medical transport.
- **Switlik Survival Products (Booth #9544):**
 - Offers survival equipment for the Aviation.
- **Metro Aviation (Booth #4317):**
 - Air Medical Operator.
- **Air Ambulance Tech (Booth #8445):**
 - A leading manufacturer of custom-built EMS and VIP aircraft interiors for both helicopters and fixed-wing aircrafts.
- **United Rotorcraft (Booth #2417):**
 - Specializes in the design and manufacture of aeromedical and aerospace technology.
- **Merit Helmets (Booth #5721):**
 - * Helmets for Air Medical professionals.
- **Paraclete (Booth #8838):**
 - Tactical gear, and helmets.
- **Evolution Helmets (Booth #5217):**
 - Helmets.
- **Fit Ear (Booth #10734):**
 - Custom fitted ear protection.
